Hallucination Detection	Instruction-Following Assessment	Pairwise Response Ranking
Multimodal QA	Visual Reasoning	Business & Financial Reasoning
IRR / NPV / Sensitivity Analysis	Rubric Calibration	Error Pattern Detection
Contributor Feedback	Operations Coordination	Scheduling & Staffing
Event Logistics	Excel Dashboards & Advanced Formulas	English-Russian Evaluation

PROFESSIONAL EXPERIENCE

AI Quality Reviewer and RLHF Evaluator | Handshake AI, Meridial, Mercor | 2024 - Present

- Completed 1,000+ AI output evaluations and contributor audits across text, business, finance, image, video, audio-visual, document, and chart-based workflows.
- Reviewed contributor work for guideline compliance, reasoning quality, calibration, and final answer accuracy.
- Applied detailed rubrics to evaluate factual accuracy, hallucinations, logical consistency, instruction following, tone, formatting, and usefulness.
- Specialized in finance and business reasoning tasks, including profitability vs. revenue tradeoffs, margin expansion risk, IRR sensitivity, KPI analysis, and strategy alignment.
- Performed multimodal QA on image, video, infographic, chart, and document tasks requiring visual reasoning and evidence-based judgment.
- Wrote structured feedback and decision rationales to improve contributor calibration and overall project quality.

Founder and Builder | AthleteOS | Live AI Career Transition Product | 2026 - Present

- Built and deployed AthleteOS, a live AI-powered career transition platform for NCAA, professional, international, and former athletes.
- Designed AI workflows that translate athletic experience into resume bullets, career paths, job-fit insights, LinkedIn outreach, and employer-friendly language.
- Created a public MVP and GitHub repository demonstrating AI product thinking, prompt structuring, user workflow design, and rapid iteration.

Tournament Director | Summer Hockey Tournaments | 2022 - Present

- Managed tournament operations across summer hockey events, including game schedules, playoff grids, staffing plans, and daily logistics.
- Coordinated rink and facility readiness to ensure games, staff, and event operations ran efficiently and on schedule.
- Hired and coordinated referees, scorekeepers, and athletic trainers while communicating with teams, staff, and facilities.
- Resolved scheduling conflicts and day-of-event operational issues in fast-paced environments requiring organization and sound judgment.

Professional Hockey Player and Team Captain | ECHL / NCAA Division I / International Competition | 2019 - Present

- Served as Team Captain at Lake Superior State University and Lindenwood University, building trust through communication, accountability, and consistency.
- Represented Belarus as U18 National Team Captain in international competition.
- Balanced professional hockey, graduate-level academics, AI evaluation work, tournament operations, and product development while maintaining high performance standards.

EDUCATION

MBA in Finance | Lindenwood University | 2024 - 2025

B.S. Business Administration / International Business | Lake Superior State University | Minor in Economics and Finance | 2020 - 2024
